## Division Description

### Tobacco Settlement Background

In 1998, 46 states reached an agreement with the largest tobacco manufacturers ending a legal battle between the states and the industry that began in 1994. Although the payments are expected into perpetuity, the agreement requires the tobacco manufacturers to pay Idaho approximately \$790 million over the first 25 years.

### Millennium Fund Enabling Legislation

The Idaho Millennium Fund was established by the legislature in 2000 as an endowment fund structure to receive, invest and disburse funds received by the State of Idaho under the tobacco Master Settlement Agreement reached between participating states and tobacco product manufacturers. This fund preserves the long-term capital value of these monies through a distribution rule which provides that five percent of the fund's average market value is made available for legislative appropriation each fiscal year. Fund investments are managed by the State Treasurer.

### Constitutional Amendment

Senate Joint Resolution 107, approved by voters in November 2006, amended the state Constitution to establish a permanent Idaho Millennium Endowment Fund and mandated that 80% of future tobacco settlement payments be placed into the permanent endowment fund and that the remaining 20% be placed into the existing Idaho Millennium Fund. Annual distributions from both of these funds are made to the Idaho Millennium Income Fund, which is subject to appropriation. The amendment also established a cap of \$100 million on the Idaho Millennium Fund. Once the cap is reached, tobacco settlement receipts and earnings in excess of the \$100 million cap will be transferred annually to the Idaho Millennium Permanent Endowment Fund.

### Millennium Income Fund Grants

In 2002, HB 486a created the Joint Millennium Fund Committee, made up of five senators and five representatives and charged with reviewing grant applications and providing a funding recommendation to the legislature. There is no specification in law with regard to how the moneys in the Millennium Fund shall be used, but the Joint Millennium Fund Committee has chosen to only consider applications for programs and projects directly related to one or more of the following: (1) tobacco cessation or prevention; (2) substance abuse cessation or prevention; or (3) tobacco or substance abuse related disease treatment. In addition, the committee has determined that funds may not be used for permanent capital improvements or organizational start-up costs.

### Appropriations/Request

The appropriated amount in the Millennium Fund budget only represents monies appropriated to non-state organizations. Millennium Fund monies appropriated to state agencies are transferred by the State Controller from the Millennium Income Fund to the agency, and are reflected in each individual agency budget. In the request, state agency funding requests are categorized under lump sum expenditures and non-state organization requests are categorized under trustee/benefit payments.

### 1. ACS - Public Awareness Campaign

The American Cancer Society requests \$256,800 for a statewide education/media campaign to increase awareness among adult women in Idaho that they are at a greater risk for cervical and breast cancers if they smoke or are exposed to second-hand smoke. The campaign would target both the general public and health care providers and promote use of existing tobacco cessation services such as the Idaho Quitline as well as breast and cervical cancer screening services.

<i>Not recommended by the Governor.</i>					
<i>Governor's Recommendation</i>	<i>0.00</i>	<i>0</i>	<i>0</i>	<i>0</i>	<i>0</i>

### 2. DFI - Youth Prevention Education

Drug Free Idaho, Inc. requests \$94,200 to expand substance abuse cessation and prevention education services offered to upper elementary and middle school students through the Parents and Youth against Drug Abuse (PAYADA) program. While Drug Free Idaho administers drug-free workplace programs for businesses and municipalities statewide, the PAYADA youth programs are currently centered primarily in Ada County. Grant funding would allow expansion of the PAYADA program initially to Canyon, Elmore and Gem counties, with eventual expansion across the state.

<b>4. Sub. Abuse/Mental Health Crisis Center</b>					
On behalf of Boise Mayor Dave Bieter's Community Detox Steering Committee, the United Way of Treasure Valley requests \$499,700 for first-year operational costs for the Region IV Substance Abuse and Mental Health Crisis Center, scheduled to open in FY 2010. The center will serve low-income, non-incarcerated individuals within the Department of Health and Welfare's Region IV (Ada, Boise, Elmore and Valley counties), with the majority of clients projected to reside in Ada County. Services will include: 1) a sobering station that will provide a two to six hour safe environment for intoxicated individuals; 2) a 12-bed alcohol and drug detoxification facility, and 3) an eight-bed, sub-acute crisis stabilization unit to address psychiatric instability. Grant funds will be used for the staff time, supplies and equipment needed to sustain the project prior to the center opening.

<b>10. PHD - Tobacco Cessation</b>					
The Public Health Districts (PHDs) request \$615,000 to provide tobacco cessation services throughout the state. The PHDs provide free tobacco cessation classes to anyone who wants to quit smoking, along with programs specifically targeting adolescents and pregnant women. The proposed budget includes \$500,000 for tobacco cessation classes and program evaluation and \$115,000 to provide eligible participants with vouchers to off-set the cost of purchasing a one-month supply of nicotine replacement therapies or smoking cessation medications.
